

SOUTH'S CHAMPION ACCUSED OF FRAUD

Plan to Save Growers Millions Runs Afoul of Postal Heads.

PROMOTED FIRM TO MARKET COTTON

Called Farmers "Easy Marks" for Being Mulcted Yearly by Manipulators.

Philip C. Wadsworth, who, according to an indictment found in Atlanta, planned to save Southern cotton growers \$120,000,000 a year, which he said manipulators were taking from them, was arrested yesterday by Postoffice Inspectors Mayhew and Martin. He was charged with having used the mails to defraud, and was arrested on a warrant obtained by Assistant United States District Attorney Stanton.

Wadsworth was taken from the offices of Raymond, Pynchon & Co., 111 Broadway, and arraigned before Commissioner Houghton, in the Federal Building. Here he demanded an examination in removal proceedings, which will be held on August 26. Wadsworth was released in custody of his counsel.

According to the Atlanta indictment Wadsworth promoted the sale of stock of the Cotton Growers' Co-operative Society, an Alabama corporation, whose capital stock was \$50,000,000. The authorities allege that the charter of this concern was obtained fraudulently, in that no part of its stock had been subscribed for; that it was never intended to have a bona fide capital stock, and that Wadsworth made false representations in letters sent to prospective investors.

The prisoner, the indictment says, represented the society as a corporation to market American cotton by a co-operative plan to obtain reasonable prices. He is alleged to have sent literature through the mails, saying that representatives would be appointed in each county in the cotton belt and would receive \$3,000 a year. They were to have the crops placed in bonded warehouses, and growers were to receive 15 cents a pound for their cotton.

Another charge made is that Wadsworth told the farmers membership in the corporation would eliminate the need of marketing their products, and would enable the society to build up a concentrated capital stock of \$1,000,000,000. This, Wadsworth is alleged to have asserted, could be used in four years, and would be sufficient to compel the co-operation of America's moneyed interests.

The indictment alleges that in June, 1912, Wadsworth represented that the corporation had progressed sufficiently to warrant the announcement that representatives had been obtained in the counties and that growers were certain of 15 cents a pound on their products. Wadsworth's literature, the authorities say, was printed attractively, and contained his name as president of the society. It said that in addition to the \$50,000,000 capital stock, the corporation would have a \$200,000,000 bond issue and a total reserve of \$250,000,000. The indictment also says Wadsworth told the farmers they were "easy marks" for having been manipulated to mulct them each year of \$120,000,000.

ILLINOIS GOVERNOR AND WARDEN CLASH

As Rivals Claim Honor System —Prison's Head Out.

Springfield, Ill., Aug. 6.—Governor Dunne announced today his acceptance of the resignation of Edmund M. Allen as warden of the state penitentiary at Joliet.

Commenting on Allen's assertion that he had originated the honor system at the penitentiary, Governor Dunne said this did not correspond with the facts, as he brought forward the system in his own inaugural address six months before he had appointed Allen.

"It is my honor system," said Governor Dunne. "I instituted it, and it will continue on a bigger and better plan."

Governor Dunne by telegraph directed Deputy Warden Ryan to assume charge of the Joliet prison until Allen's successor was selected.

At the state penitentiary Edmund M. Allen said he had resigned because Governor Dunne had denied him the privilege of living outside the prison in which his wife had been murdered. "I had no idea Governor Dunne would turn down my request," said Allen. "Any man no would ask that I live behind those prison walls, in the very rooms where my wife was brutally murdered, must be inhuman."

TOOK MINES DOWN RIVER

Cruiser Baltimore Got Cargo at Iona Island.

A large number of mines which have been stored by the government at Iona Island, in the Hudson River, above Peekskill, were removed recently on the cruiser Baltimore, it was learned last night. When the vessel arrived at the arsenal the nature of her visit was not announced.

According to persons in close touch with the government plant, the Baltimore has been refitted to lay mines. They say she had in her hold when she slipped down the Hudson several hundred of the explosives. The impression was that they were to be distributed at government stations near the mouths of harbors.

DRAW COSTS NEW YORK ELEVEN CUP

Cermanstown Cricketers Put Up a Plucky Battle for the Halifax Trophy.

(By Telefax to the Tribune.)

Philadelphia, Aug. 6.—The New York Cricketers failed in their endeavor to wrest the Halifax cup from the Quakers, and a drawn game resulted here today in the last contest of the season. The Germantown club put up a plucky fight. The decision of the umpires, however, to stop playing at 6 o'clock instead of 7 on account of poor light robbed the visitors of whatever chance they had of winning the trophy in the first year in which they appeared in the competition.

B. Kortlang and H. B. Boyce made the first stand in New York innings for the day, with two wickets had fallen. When Boyce was well set he was unfortunately run out, and with the exception of L. Miller and C. E. Marshall no one could be found to partner Kortlang for any length of time. Miller contributed 11 before being caught, while Marshall scored 14 and was then bowled by O'Neill.

The feature of the innings and, indeed, of the game, was the steady and resourceful batting of Kortlang, who was not out with 48 to his credit when the New York innings terminated for a total of 133.

J. L. Peyer had the best bowling record for the day, with 3 wickets for 21 runs, and Briggs captured 3 for 48 on the New York side. W. P. O'Neill secured 3 for 51 for Germantown.

The score follows:

NEW YORK.

J. L. Peyer, c. Anderson, b. Grete, 9
H. B. Boyce, run out, 48
A. Houghton, b. Mann, 46
C. E. Marshall, b. Anderson, 14

W. P. O'Neill, b. Briggs, 51
Total (all out), 133

GERMANTOWN.

W. L. Kaufman, c. Miller, 22
W. L. Peyer, c. H. B. Boyce, 21
H. B. Boyce, c. H. B. Boyce, 21

CHILDREN CRUSHED AIDING BENEFACTOR

One Killed, Two Injured Trying to Help Neighbor Who Fed Them.

John Katz, eleven years old and hungry, was playing with his brothers—Stephen, seven, and George, five—in front of their home, 442 East 71st Street, yesterday afternoon. Suddenly the eldest, followed closely by his two brothers, darted next door into the stable of Abraham Linsky, who frequently gave the children pennies or something to eat. Their father, who has been in this country only a few years, after several weeks hunting for work finally found a place at \$5 a week, and the children, consequently, have not been well fed.

Linsky was repairing a heavy door, and the boys entered. They asked if they could help, but he motioned them out of the way. When he was not looking the three grasped the door, attempting to move it. Linsky ran toward them and tried to hold the door, but lost his balance. Meantime it dropped, crushing the children beneath it.

The stableman ran to the street and shouted for help. Patrolman Schwartz ran into the stable, saw that the door was too heavy for one man to lift and hurried for reinforcements. Patrolmen Mallen and Freed, with several citizens, came and the door was moved.

John was found lifeless and his brothers were injured. Stephen was taken to Bellevue, where it was said last night he could not recover from his fractured skull and internal injuries. George, bruised, was taken to his parents' two-room home. Linsky was arrested.

THRIFTY, NOT GRAFTERS

Canal Agents Saved Money for U. S.—Are Freed.

John Burke and Robert Wilcox, indicted for skimming and offering a bribe in connection with the purchase of supplies for the commissary department of the Isthmian Canal Commission, were freed by Judge Howe in the United States District Court yesterday. The indictment was dismissed on the recommendation of United States District Attorney H. Snowden Marshall.

Dean Emery, Wilcox's attorney, produced his client's books to show that no bribe or kick of money had been taken when the government saved money by the transaction.

Edwin M. Borchard already has begun an exhaustive investigation of the commercial laws of South America, and Walter Emery will investigate fruit markets in South America. R. M. O'Neill is in China studying the cotton goods market, with particular reference to Japanese competition, while F. H. Smith is preparing a world review of the lumber industry.
